

NOTICE OF PUBLIC HEARING

Notice is hereby given that the City Council will convene as the Board of Adjustments during a public meeting on Thursday, June 13th, 2013, at 7:00 p.m. in the City of Williams Council Chambers located at 113 S. First Street, Williams, Arizona, 86046. All interested persons may attend and address their comments to the Board or may submit written comments to the Board of Adjustments, Attention: Planning Administrator at the above address.

The following public matter will be heard: Request by LOVE'S Travel Stop for a sign variance. LOVE'S is requesting additional signage and size for a proposed 11.25 acre development in the 1500 block of North Grand Canyon Boulevard.

For further information, please contact Tim Pettit at 928-635-4451.
Email: tpettit@williamsaz.gov

You can review the proposal on our city website. www.williamsaz.gov and a copy will be at the front desk of City Hall.

VARIANCE APPLICATION CHECKLIST

PROPOSED DEVELOPMENT PLANS

Proposed Development Plans and certain supplementary information must be submitted with variance applications, in accordance with the requirements of the Williams City Code, Title 10 (Development Procedures), Chapter 10-2 (Procedures), Article 10-2-03, which are outlined below.

This Checklist **must** accompany all applications, with the boxes **checked** for those items which are being provided. Exceptions to these requirements should be **requested in writing**; the boxes should be **left blank**, and will be initialed by the appropriate City Official upon determination that the proposed plans can be adequately reviewed without those items being provided by the applicant.

INFORMATION REQUIRED AT TIME OF APPLICATION (one copy of each, except as noted)

- 1. Completed application and fees
- 2. Proof of ownership (title policy) and owner's written consent.
- 3. Construction schedule
- 4. A description of the variance request and a statement explaining how it meets the findings of hardship and burden
- 5. Stamped, addressed envelopes for all property owners within 300 feet of proposed variance

PROPOSED DEVELOPMENT PLANS – FORMAT (10 copies)

Proposed Development Plans shall be clearly and legibly drawn, and shall be sized and scaled as follows:

- 1. The size of the sheet shall be no less than 8 ½ " x 11", and no more that 30" x 36".
- 2. The scale of the plans shall be 1" = 200' or larger.

PROPOSED DEVELOPMENT PLANS – CONTENTS (10 copies)

Proposed Development Plans must be drawn to scale and must show the following:

- 1. North arrow, date of plan, date of revision, engineer's scale and legend
- 2. Name of project
- 3. Vicinity map showing ½ mile radius
- 4. Address of project
- 5. Legal description complete
- 6. Name, address and phone number of owner
- 7. Zoning on and adjacent to site
- 8. Name, address and phone number of person responsible for plan
- 9. Lot size
- 10. Names and dimensions of adjacent streets
- 11. Existing/proposed rights-of-way in and adjacent
- 12. Existing/proposed easements in and adjacent
- 13. Existing/proposed utility lines (including fire hydrants) and sizes in and adjacent
- 14. Existing/proposed curb cuts, paved areas, parking areas and sidewalks in and adjacent
- 15. Existing/proposed waterways and ditches in and adjacent
- 16. Topography acceptable to the City Planner
- 17. Existing/proposed flood plain lines in and adjacent
- 18. A statement: all, part, or none of the property is in the flood plain
- 19. Existing/proposed structures and their uses, with dimensions and distances from platted property lines
- 20. Number of employees for non-residential uses

City Planner
City of Williams
113 South First Street
Williams, AZ 86046

Dear City Planner,

Please accept our application for a variance to your sign ordinance for the Love's Travel Stop on the property located in lots 2Y, 2W and a portion of Lot 20 of Grand Canyon Business Center as recorded in the Stoneman Properties Results of Survey in Williams, AZ. Zoning for the property is CBD. The boundaries of the property intended for development are in Zone X, not in the 100 year flood plain or watercourse, nor anticipated to impact such, per FIRM #004005C339G.

The owner of the property is Lazy E, LLC, Stanford J. Stoneman, manager, PO Box 10100 Phoenix, AZ 85054; 602.390.5955.

The ordinance for a Freestanding sign states that the maximum height shall not exceed 60' and a maximum size of 300 sq. feet.. We would like your approval to install a Hi Rise pole sign at 70' above grade level with 672 sq. feet of sign area. The purpose of the pole sign is to direct traffic from the interstate towards the facility and to take the appropriate exit. In order for drivers to have adequate time to decide to patronize Love's Travel Stop we feel that the 70' height and 672 sq. foot size is essential. This height will also ensure the sign will not block any surrounding businesses. These signs on the structure include the Love's logo, the Fuel Price Sign, and the food franchise at the Love's. The size of signs on this structure are necessary due to the angle in which the sign is viewed and the distance of the property from the interstate. The proposed size of each sign will allow the Travel Center to be identifiable to motorists traveling the interstate and for the price sign to be legible.

The ordinance for a Freestanding sign states that one sign is allowed per each public street frontage. We would like your approval to install a 25' Street Sign structure near the Auto Entrance along Grand Canyon Blvd. The Street Sign would allow the local traffic from the City of Williams to view the fuel price at Love's as the Hi Rise structure wouldn't be easily viewed from Grand Canyon Blvd. The signs include our Love's logo, the Fuel Price Sign, and the food franchise.

We are also requesting a variance for a 21' 4 ½" CAT Scale pole sign. This sign directs the truck drivers to the CAT scale which is located North of the fuel pumps.

The ordinance for directional signs states that the maximum square footage is not to exceed 6 square feet in area and 3 feet in height. We would like your approval to install the Love's directional signs with 32.67 square feet and 8' 1" in height. The purpose of a directional sign is to safely provide direction for vehicular traffic. In order to safely direct automobiles and semi trucks to the appropriate location within the Love's Travel Center, the directional signs need to be larger for proper recognition. With the smaller height and square footage, drivers wouldn't be able to read the signs. This could result in traffic entering into the wrong area. We are also requesting your approval to install 1 Carl's Jr. directional sign at a height of 4'. This height would bring the sign into the line of sight for the driver.

The building sign ordinance states that one sign is allowed per business per public street, private driveway or rear parking lot frontage, not to exceed 2 per business and not to exceed 20 square feet in area. We are requesting larger square footage for the Love's and Carl's Jr. signs for identity on each elevation of the building. We are requesting larger signs for the Truck Tire Care Building so truck drivers are able to recognize the services available

Love's standard sign package includes logos on the canopies above their gas and diesel pumps. We are requesting a variance for these to increase the recognition of Love's to their patrons.

We appreciate the opportunity to meet with you to allow us to present our proposal. Thank you for your time and consideration.

Sincerely,

A handwritten signature in black ink that reads "Christy Kallenberger". The signature is written in a cursive, flowing style.

Christy Kallenberger
Project Coordinator
Effective Images, Inc.
